**IMA Nagpur Participated In Nationwide Withdrawal of Medical Services**

An young post graduate of chest medicine was brutally raped and killed on duty in R G Kar Medical College, Kolkata in the early hours of 9th August 2024. This has shocked the medical fraternity and the nation alike. Ever since the Resident doctors are on strike. Protests as well as candle marches have been held across the country by IMA as well. The crime situation was handled shabbily by the college authorities and the police investigations stalled after the first day.

On 13th August 2024, the Calcutta High Court asked the state police to hand over the case to Central Bureau of Investigation (CBI) while expressing discontent with the investigation so far. They also flagged the possibility of destruction of evidence if the state police continued with their investigation. On 15th August 2024, the hospital was vandalized by a large crowd which destroyed various sections of the hospital including the area where the victim was found. The medical students who were on protest were attacked as well.

Doctors especially women are vulnerable to violence because of the nature of the profession. It is for the authorities to provide for the safety of doctors inside hospitals and campuses. Both physical assaults and crimes are a result of indifference and insensitivity of the concerned authorities to the needs of doctors, nurses and other healthcare workers.

Subsequent to the brutal crime in R G Kar Medical College Kolkata and the hooliganism unleashed on the protesting students on the eve of the Independence Day, Indian Medical Association declares nationwide withdrawal of services by doctors of modern medicine from 6 am on Saturday 17.08.2024 to 6 am Sunday 18.08.2024 for 24 hours. All essential services will

be maintained. Casualties will be manned. Routine OPDs will not function and elective surgeries will not be conducted. The withdrawal is across all the sectors wherever modern medicine doctors are providing service. IMA requires the sympathy of the nation with the just cause of its doctors.

Dr. R V Asokan National President, IMA

Dr. Anilkumar J Nayak Honorary Secretary General, IMA

Dr. Manjusha Giri, President IMA Nagpur has appealed all doctors to fully support and ensure 100% compliance.

Dr Yogesh Waikar & Dr Aditi Waikar were the organisers of the event. Dr Yash Banait helped in arrangement of finer logistics. Mr Surkar sir looked after Transport.

The highest states of revelations are conglomerated in Vedas- Samhita. The applications of these revelations are well described in Vedic- Brahamana.

Contemplations on evolving thoughts and consciousness are scripted in Vedic-Aranyakas. The gist and central understanding of this evolution is deciphered in Vedic-Upanishads. **Knowing self is the foremost right of every born human consciousness.** The method of knowing self was simplified and given to us by Vedic Rishis. Vedic conference was the sincere attempt to rejuvenate the process of self-realization through Vedic Samhita and Brahmanas. Conference touched Aranyakas and Upanishads in different angle. Yoga Mudra the book published by SAKSHI trust, authored by Dr Yogesh Waikar was available to delegates at concessional rates to the delegates. It deals with Revelatory notes to self on Vedic Samhita, Brahmana, Aranyaka and Upanishads in two volumes. All copies were appreciated and purchased by all.

This conference was the humble attempt and offering at The Mother's feet with the Divine's order. We plan to make it the annual event. Many participants agreed for starting Vedic Study circle.

Let the best of thoughts come to us from all sides to evolve our consciousness.
